SUMMARY

Detail-oriented and dedicated professional with a solid academic background and practical technical exposure. Passionate about contributing to meaningful projects and applying analytical thinking to solve real-world problems. Demonstrates strong problem-solving abilities, adaptability, and a commitment to continuous learning. Eager to work in a dynamic environment where knowledge, collaboration, and innovation drive organizational growth and long-term success.

TECHNICAL SKILLS

Programming Languages: Python, SQL, C++, Java

Frameworks & Tools: FastAPI, Streamlit, NumPy, Pandas, Scikit-learn, Git

Databases: MySQL, MongoDB

Core Concepts: Machine Learning, Neural Networks, LLM, Data Visualization

PROJECTS

Productivity & Non-Productivity Insights System

Jan 2026 – Present

AI Multi-Modal Analytics System

Python, OCR, CLIP, Qwen LLM, Pandas

Designed an AI-powered system to classify user screen activity into productive and non-productive categories.

Integrated OCR for text extraction and CLIP for visual intent recognition with LLM-based contextual analysis.

Reduced manual activity review effort by approximately 35–40% during controlled testing.

Used Car Price Prediction System

Aug 2023 – Dec 2023

Machine Learning Project

Python, Pandas, NumPy, MySQL

Built a structured ETL pipeline for extracting, cleaning, and transforming dataset features.

Improved data quality and reduced preprocessing inconsistencies by approximately 25% during experimentation.

Developed regression models to generate reliable price predictions using validated input features.

EXPERIENCE

AI Intern

Jan 2026 – Present

LBM Solutions Pvt. Ltd.

Mohali, India

Assisted in developing AI-based solutions involving data preprocessing, model evaluation, and API integration.

Implemented data validation and transformation workflows to maintain structured and high-quality datasets.

Supported ML model deployment using FastAPI for internal testing and integration.

Collaborated with cross-functional teams to optimize data pipelines and improve system efficiency.

EDUCATION

Lovely Professional University

Punjab, India

Master of Computer Applications (MCA) CGPA- 8.07

Aug 2022 – Jun 2024

Dronacharya PG College of Education

Himachal Pradesh, India

Bachelor of Computer Applications (BCA) CGPA- 7.65

Aug 2018 – Sep 2021

CERTIFICATIONS

Machine Learning & Data Science – GeeksforGeeks

Data Science & Analytics – C-DAC Mohali

C++ Programming – Cipher Schools
